## Patient Handbook

Version 3.2

Effective 1 April 2026

Approved by Dr. Meera Kulkarni, MBBS, MD

**FICTIONAL SAMPLE DOCUMENT.** CityCare Clinic does not exist. This handbook was written as practice material for a programming course, to be indexed and queried in Retrieval-Augmented Generation exercises. Nothing in it is real medical, legal or financial advice.

# CityCare Clinic — Patient Handbook

Document version 3.2 · Effective 1 April 2026 · Next review 31 March 2027 Approved by: Dr. Meera Kulkarni, Consulting Physician & Grievance Officer

**⚠️ FICTIONAL SAMPLE DOCUMENT.** CityCare Clinic does not exist. This handbook was written as practice material for a programming course (Retrieval-Augmented Generation exercises). Nothing in it is real medical, legal, or financial advice.

## 1. About the clinic

CityCare Clinic is a single-doctor general practice in Dharampeth, Nagpur, established in 2009. The clinic provides outpatient (OPD) general medicine services to adults and adolescents, with a focus on long-term management of chronic conditions such as diabetes, hypertension and thyroid disorders.

The clinic operates from a ground-floor premises with step-free access. Approximately 40 patients are seen each working day across the morning and evening sessions.

**Address** 14, Shivaji Nagar Road, Dharampeth, Nagpur — 440010, Maharashtra

### Contact

| Channel                      | Detail                    |
|------------------------------|---------------------------|
| Reception telephone          | +91-712-2456789           |
| WhatsApp (appointments only) | +91-98765-00001           |
| General email                | care@citycareclinic.in    |
| Billing and insurance email  | billing@citycareclinic.in |
| Website                      | www.citycareclinic.in     |

Reception answers the telephone from 09:30 to 13:30 and 16:30 to 20:30 on working days. Messages left outside these hours are answered on the next working day.

## 2. Your doctor

**Dr. Meera Kulkarni**, MBBS, MD (General Medicine)

- MBBS — Government Medical College, Nagpur, 2004
- MD General Medicine — Government Medical College, Nagpur, 2008

- Maharashtra Medical Council registration number: MMC/2004/45871
- Twenty years of clinical experience, of which sixteen in private general practice
- Languages spoken: Marathi, Hindi, English
- Areas of special interest: diabetes management, hypertension, thyroid disorders, preventive health checks, and geriatric care

Dr. Kulkarni is the only consulting doctor at CityCare Clinic. The clinic does not employ visiting or locum consultants. When Dr. Kulkarni is on planned leave, the clinic is closed and appointments are rescheduled; patients are informed at least seven days in advance by SMS.

### 3. Consultation hours (Policy POL-HRS-00)

| Day           | Morning session | Evening session |
|---------------|-----------------|-----------------|
| Monday        | 10:00 – 13:00   | 17:00 – 20:00   |
| Tuesday       | 10:00 – 13:00   | 17:00 – 20:00   |
| Wednesday     | 10:00 – 13:00   | 17:00 – 20:00   |
| Thursday      | 10:00 – 13:00   | 17:00 – 20:00   |
| Friday        | 10:00 – 13:00   | 17:00 – 20:00   |
| Saturday      | 10:00 – 13:00   | 17:00 – 20:00   |
| <b>Sunday</b> | <b>Closed</b>   | <b>Closed</b>   |

**The clinic remains closed on Sundays.** The clinic is also closed on the following public holidays: Republic Day (26 January), Gudi Padwa, Maharashtra Day (1 May), Independence Day (15 August), Ganesh Chaturthi (first day), Dussehra, Diwali (Lakshmi Puja and Padwa), and Christmas Day (25 December).

On the **second Saturday of every month** the clinic operates the morning session only (10:00 – 13:00); there is no evening session on that day.

Each consultation slot is **30 minutes** long. This gives twelve slots on a normal working day: six in the morning session and six in the evening session.

### 4. Appointments (Policy POL-APT-01)

#### 4.1 How to book

Appointments may be booked through any of the following:

1. The clinic website, [www.citycareclinic.in](http://www.citycareclinic.in), at any hour
2. Reception telephone, +91-712-2456789, during reception hours
3. WhatsApp message to +91-98765-00001, answered during reception hours
4. In person at the reception desk

Appointments can be booked up to **seven days in advance**. The clinic does not accept bookings beyond seven days, and does not maintain a waiting list for future months.

#### 4.2 Reserved same-day slots

Four slots each working day — two in the morning session and two in the evening session — are held back for patients who need to be seen urgently. These slots are released for general booking at **09:00 on the same day** if they have not been requested by then.

#### 4.3 Walk-in patients

Walk-in patients are accommodated only if a slot is free. Walk-ins are ordinarily seen between **12:30 and 13:00** in the morning session and between **19:30 and 20:00** in the evening session. Patients with an appointment always take priority over walk-ins.

#### 4.4 Arriving late

Patients are requested to arrive **ten minutes before** their appointment time to complete registration.

- Arriving more than **10 minutes late**: the slot may be offered to a waiting patient, and you may be asked to wait until a gap becomes available.
- Arriving more than **15 minutes late**: the appointment is treated as missed and must be rebooked.

#### 4.5 Cancellation and rescheduling (Policy POL-CAN-02)

In-person appointments may be cancelled or rescheduled free of charge up to **two hours before** the appointment time. Cancellations may be made by telephone, WhatsApp or through the website.

A patient who fails to attend without cancelling is recorded as a **no-show**. Three no-shows within any six-month period result in **online booking being suspended for 30 days**; during that period the patient may still book by telephone or in person.

*(Teleconsultations follow a different cancellation rule — see section 7.4.)*

---

## 5. Fees and payment (Policy POL-FEE-04)

| Service                                                     | Fee (INR)                              |
|-------------------------------------------------------------|----------------------------------------|
| First consultation                                          | 600                                    |
| Follow-up consultation within 15 days of the previous visit | 300                                    |
| Follow-up consultation after 15 days                        | 600 (charged as a first consultation)  |
| Teleconsultation (video)                                    | 400                                    |
| Home visit, within 5 km of the clinic                       | 1,500                                  |
| Home visit, beyond 5 km                                     | 1,500 plus 30 per additional kilometre |
| Basic health check package                                  | 1,800                                  |
| Comprehensive health check package                          | 4,200                                  |
| Diabetic review package                                     | 2,600                                  |
| Dressing or minor procedure (in addition to consultation)   | 250 – 800 depending on the procedure   |
| Medical fitness certificate                                 | 300                                    |
| Duplicate physical copy of medical records                  | 100                                    |

Fees are payable at the time of the visit. The clinic accepts **cash, UPI, and debit or credit cards**. **Cheques are not accepted**. A printed receipt is issued for every payment; a digital copy can be sent by email on request.

Consultation fees are revised annually with effect from 1 April. The fees listed above are effective from 1 April 2026.

---

## 6. Services offered

The clinic provides the following services:

- General medical consultation for patients aged 13 and above
- Long-term management of diabetes, hypertension, thyroid disease, asthma and lipid disorders
- Preventive health checks and annual health packages
- Adult vaccination (see section 9)
- Minor procedures: wound dressing, suture removal, ear syringing, nebulisation
- ECG (12-lead), performed at the clinic
- Blood pressure, blood sugar and SpO2 monitoring
- Referral to specialists and to hospitals when required

- Medical fitness certificates for employment and travel

## 6.1 Services NOT provided

The clinic is an outpatient practice only. The following are **not** available at CityCare Clinic:

- Inpatient admission or observation beds
- Emergency, trauma or intensive care
- Surgery of any kind
- Obstetric and gynaecological care
- Paediatric care for children under 13 years
- Psychiatric care

Patients requiring these services are referred to an appropriate hospital or specialist.

---

## 7. Teleconsultation (Policy POL-TEL-03)

### 7.1 What it is

A teleconsultation is a scheduled video consultation with Dr. Kulkarni conducted over a secure link, which is sent by WhatsApp and email fifteen minutes before the appointment time. A teleconsultation lasts up to 20 minutes.

### 7.2 When teleconsultation is suitable

Teleconsultation is suitable for follow-up of stable chronic conditions, review of laboratory reports, prescription renewal, and minor complaints such as uncomplicated fever, cough, or skin rash.

### 7.3 When teleconsultation is NOT suitable

Teleconsultation must **not** be used for:

- Chest pain, breathlessness, or palpitations
- Severe abdominal pain
- Sudden weakness, difficulty in speaking, or facial deviation
- Bleeding of any kind
- Injury, burns or animal bites
- Any pregnancy-related complaint
- Any first consultation for a new and undiagnosed complaint

In such situations the patient must attend the clinic in person, or go to a hospital emergency department.

## 7.4 Teleconsultation cancellation

A teleconsultation may be cancelled or rescheduled free of charge up to **30 minutes before** the appointment time. This is different from the two-hour rule that applies to in-person appointments. If the patient does not join the call within ten minutes of the scheduled time, the consultation is treated as completed and the fee is not refunded.

## 7.5 Prescriptions

A digital prescription, signed and stamped, is emailed within **two hours** of the teleconsultation. Prescriptions for controlled or scheduled medicines are not issued through teleconsultation under any circumstances.

---

## 8. Laboratory and diagnostic services

The clinic does not operate its own laboratory. Sample collection is carried out on the premises by **Sanjeevani Diagnostics**, whose collection centre is located on the ground floor of the same building.

| Item                                                | Detail                                                     |
|-----------------------------------------------------|------------------------------------------------------------|
| Sample collection hours                             | 07:30 – 10:30, Monday to Saturday                          |
| Fasting samples                                     | must be given before 09:30                                 |
| Routine reports (CBC, sugar, lipid, thyroid, urine) | same day, by 18:00                                         |
| Special tests (culture, biopsy, hormone panels)     | 48 – 72 hours                                              |
| Home sample collection, within 5 km                 | additional charge of 150                                   |
| Report delivery                                     | email and WhatsApp; physical copies collected at reception |

Radiology services — X-ray, ultrasound and CT — are **not** available in this building. Patients requiring imaging are referred to a nearby diagnostic centre.

---

## 9. Vaccination (Policy POL-VAC-07)

Adult vaccinations are provided **by appointment only**, during the morning session.

| Vaccine                     | Schedule                                         |
|-----------------------------|--------------------------------------------------|
| Influenza                   | one dose annually, preferably before the monsoon |
| Tetanus and diphtheria (Td) | one dose every 10 years                          |
| Hepatitis B                 | three doses at 0, 1 and 6 months                 |
| Typhoid                     | one dose every 3 years                           |
| Pneumococcal                | recommended for patients aged 65 and above       |
| HPV                         | as advised by the doctor after consultation      |

Hepatitis B and HPV vaccines are **not held in routine stock** and must be requested at least **48 hours in advance** so that supply can be arranged. Patients are observed at the clinic for **20 minutes** after any vaccination.

---

## 10. Medicines and pharmacy

CityCare Clinic does not have an in-house pharmacy and does not sell medicines. The nearest partner pharmacy is **Arogya Medicals**, approximately 50 metres from the clinic entrance, open 08:00 – 22:00 daily.

Prescriptions are issued in generic names wherever a suitable generic is available. Patients who wish to substitute a prescribed brand with a generic equivalent may ask the doctor during the consultation.

Repeat prescriptions for stable long-term medication can be issued through teleconsultation, subject to the restrictions in section 7.5.

---

## 11. Emergencies (Policy POL-EMG-06)

**CityCare Clinic is not an emergency facility.** It has no emergency room, no observation beds and no overnight staff.

If a patient arrives at the clinic in an emergency during working hours, the staff will provide first aid and basic stabilisation and will arrange transfer to a hospital. Outside working hours, the clinic premises are closed and no medical help is available on site.

**In an emergency, call the ambulance service on 108.**

Hospitals commonly used for referral:

| Hospital                                        | Distance from clinic |
|-------------------------------------------------|----------------------|
| Government Medical College and Hospital, Nagpur | approximately 4 km   |
| Orange City Hospital, Khamla                    | approximately 6 km   |
| Alexis Multispeciality Hospital, Mankapur       | approximately 9 km   |

The clinic does not own or operate an ambulance.

---

## 12. Medical records and privacy (Policy POL-REC-05)

All consultation notes, prescriptions and reports are stored in the clinic's electronic record system. Records are retained for **five years** from the date of the last visit.

Patients may request a copy of their own records at any time:

- A digital copy is provided **free of charge** within **three working days**
- A physical printed copy costs **100** and is provided within three working days

Patient information is not shared with any third party — including family members, employers and insurers — without the patient's **written consent**, except where disclosure is required by law or by a court order.

The clinic does not use patient photographs, case details or reports in any publicity material.

---

## 13. Insurance and reimbursement (Policy POL-INS-08)

CityCare Clinic is an outpatient practice and **does not offer cashless treatment under any insurance scheme**. Patients pay the clinic directly and claim reimbursement from their insurer themselves.

The clinic provides the following documents to support a reimbursement claim:

1. An itemised bill bearing the clinic's stamp
2. The prescription and consultation summary
3. Laboratory reports, where tests were advised
4. The doctor's signature and registration number on all of the above

These documents are prepared within **three working days** of the request. The insurance coordinator, **Ms. Pooja Shirke**, is available for claim-related queries at the clinic on **Tuesdays and Thursdays, 11:00 – 13:00**, or by email at [billing@citycareclinic.in](mailto:billing@citycareclinic.in).

---

## 14. Clinic rules for patients and visitors

- **One attendant** may accompany a patient into the consultation room. Two attendants are permitted for elderly patients and for patients with a disability.
  - Mobile telephones must be kept on silent inside the clinic. Calls are to be taken outside the waiting area.
  - **Photography and video recording are not permitted** anywhere inside the clinic.
  - Children under 12 years of age must be accompanied by an adult at all times. The clinic does not treat children under 13.
  - Eating is not permitted in the waiting area. Drinking water is provided.
  - Patients are requested to bring all previous prescriptions, discharge summaries and laboratory reports to every visit, and to carry a written list of the medicines they currently take, including doses.
  - Please inform reception and the doctor of any known allergy to medicines, food or materials such as latex.
- 

## 15. Facilities

| Facility          | Detail                                                               |
|-------------------|----------------------------------------------------------------------|
| Waiting area      | 12 seats, air-conditioned                                            |
| Step-free access  | ramp at the main entrance                                            |
| Accessible toilet | available, ground floor                                              |
| Drinking water    | filtered water dispenser in the waiting area                         |
| Guest WiFi        | network name "CityCare_Guest"; password available at reception       |
| Parking           | six two-wheelers and two cars, free of charge, on a first-come basis |
| Wheelchair        | one wheelchair available on request at reception                     |

---

## 16. Staff

| Name                 | Role                                           |
|----------------------|------------------------------------------------|
| Dr. Meera Kulkarni   | Consulting Physician; Grievance Officer        |
| Sr. Anjali Deshpande | Nursing Officer — vaccinations, dressings, ECG |
| Mr. Ramesh Tayde     | Front desk, appointments and medical records   |
| Ms. Pooja Shirke     | Billing and insurance coordinator              |
| Mr. Sunil Kamble     | Housekeeping                                   |

---

## 17. Feedback and complaints

Feedback may be given in any of these ways:

- The feedback box at the reception desk
- Email to [care@citycareclinic.in](mailto:care@citycareclinic.in)
- The clinic's page on Google Maps

Written complaints are **acknowledged within 24 hours** and resolved within **seven working days**. The grievance officer is Dr. Meera Kulkarni. A patient who is not satisfied with the outcome may escalate the matter to the Maharashtra Medical Council.

---

## 18. Frequently asked questions

**Are you open on Sunday?** No. The clinic is closed on all Sundays and on the listed public holidays. The nearest working day is Monday.

**How far in advance can I book an appointment?** Up to seven days ahead. Bookings beyond seven days are not accepted.

**How long is one appointment?** Thirty minutes. There are twelve slots on a normal working day.

**Can I come without an appointment?** Yes, but only if a slot is free. Walk-ins are usually seen between 12:30 and 13:00, and between 19:30 and 20:00. Patients with appointments are always seen first.

**What happens if I am late?** If you are more than 10 minutes late your slot may be given to a waiting patient. If you are more than 15 minutes late the appointment is treated as missed and must be rebooked.

**How do I cancel an appointment?** Cancel at least two hours before the appointment, by telephone, WhatsApp or on the website. For teleconsultations the limit is 30 minutes before.

**What happens if I keep missing appointments?** Three no-shows in any six-month period suspend online booking for 30 days. You can still book by telephone or in person during that time.

**What is the consultation fee?** Six hundred rupees for a first consultation, and three hundred rupees for a follow-up within fifteen days of the previous visit.

**Do you accept insurance?** There is no cashless facility. You pay directly and claim reimbursement yourself. The clinic prepares the required documents within three working days.

**Do you treat children?** No. The clinic sees patients aged 13 and above. Children under 13 should be seen by a paediatrician.

**Can I get a blood test done here?** Samples are collected in the same building by Sanjeevani Diagnostics between 07:30 and 10:30, Monday to Saturday. Fasting samples must be given before 09:30. Routine reports are ready the same day by 18:00.

**Do you have an X-ray or ultrasound machine?** No. Imaging is not available in this building and patients are referred to a nearby diagnostic centre.

**Is there parking?** Yes — free parking for six two-wheelers and two cars, on a first-come basis.

**Who do I contact about a bill or an insurance claim?** Ms. Pooja Shirke, the insurance coordinator, on Tuesdays and Thursdays between 11:00 and 13:00, or by email at [billing@citycareclinic.in](mailto:billing@citycareclinic.in).

---
